Man Killed In Crash West Of Big Island

Earl Chesser, 59, Is 20th Traffic Fatality In County This Year

Earl Chesser 59 of 630 Emerson Ave became Marion County's 20th traffic fatality of the year Saturday night when he was killed in a one vehicle accident

Chesser was a passenger in a car driven by Edward Spears 31 of 243 Edwards St The accident occurred at 7 35 p m on Route 30-S two miles west of Big Island

According to the state highway patrol Spears was westbound and went off the road on the south side overturning several times shearing off a telephone pole and tearing up about 250 feet of fence owned by City Schoute of rural Marion

The car was demolished

Killed Instantly

Chesser's death was apparently instant and resulted from a fractured skull and internal injuries the patrol reported

Chesser was unemployed but was receiving compensation for an injury received at the Swan Rubber Co of Bucyrus his last employer

Dr E H Morgan coroner pronounced Chesser dead at the L A Axe and Son Funeral Home

Spears suffered severe internal injuries and was taken to Marion City Hospital by Reed ambulance He was reported in critical condition this morning

The patrol will complete an investigation of the accident when Spears' condition improves enough to permit interrogation

Hit Skip Accident

At that time the patrol will question Spears about a hit skip accident which occurred east of Big Island on 30-S a few minutes before the fatal accident

A hub cap found at the scene of the hit and run accident fitted Spears car the patrol said

In the hit skip accident a car bound and driven by Delton Hemp 30 of near Marion was damaged slightly when it sideswiped by it was bound east

City police assisted the state patrol at the scene of Chesser's accident and escorted the ambulance back to Marion

Born in Kentucky

Chesser was born Dec 6 1894 in Greenburg Ky son of William and Victoria Herrick Chesser

Surviving sisters and brothers are Mrs Wilma Miller and Stanley Chesser both of Bucyrus Ernest Chesser of Toledo and Willard Chesser of Marion with whom the deceased resided at 630 Emerson Ave

Funeral services will be conducted at the Axe Funeral Home by the Rev John Woodward of the Wesley Methodist Church at 2 30 p m tomorrow Burial will be at the Marion Cemetery Friends may call at the funeral home after 7 p m tonight

Three Accidents in City

One motorist was cited for one of three minor traffic accidents in Marion over the week end

Victor E Mahaffey 66 of 154 Jaffa St was charged with failure to yield the right of way following a collision at E Center and Jefferson Sts at 11 14 a m Saturday Police reported Mahaffey was driving east on E Center St and made a left turn in front of the car driven by Mrs Ruth Bowers 45 of 1 Jefferson St

Reds Call Off Talks

New POW Dispute Derails Interviews

PANMUNJOM (AP) — The entire Communist program to woo back anti Red Chinese and Korean war prisoners foundered in uncertainty tonight after a Red dispute with the Indian command which guards the 23 000 POW

The Communists called off 10 days scheduled interviews with 500 Koreans after the Indians refused to let the Reds use loudspeaker broadcasts to the POWs during interviews

Resumption Uncertain

The U N Command said late in the afternoon it had been told officially the Reds would order more Koreans Tuesday But in Indian spokesman said he believed the Reds would withhold the explanations

He said the Communists still were insisting on making the broadcasts The Indians said previous Red broadcasts published excerpts of the POWs and said they do not have the machinery to control any interfering situations that might arise

Although there were no new views Monday on the Indian proposal to settle the issue of Indian guard troops in charge of changing Chinese prisoners and 21 Chinese and Koreans asked to go home in one of the 5 neutral nations with whom they will be entrusted

Killed During Investigation

The question of who killed the Indians was one of the issues which would be settled by the conference Of the 359 POWs who have been made known to the Indians 22 Americans are held with 83 British and 12 South Koreans and Filipinos and one Australian behind the bamboo curtain

The Indian command said the Chinese Communists and 28 North Korean POW had been willing to go home but were forced to go to the camp

Twenty three Americans originally were listed as dead by the Reds the U N Command said Peiping Communist Supreme Headquarters added two to the list

In the new cremlin th old allies—Russia and Com h rules In the ships are survival softness the ocean but land

The story said he state Dep t ment and greed with Jap n on the need for rebuilding her ind and forces and the United States offered to help

Singularly remembering their present power drive the Japanese showed reluctance about re ming They were stripped to the bone in the surrender The only armed force now is 110,000 police

The country wants Japan to build up quickly a military force of 350,000 A "self-defense" force it was called, against Communist attack The wording was careful chosen since the Japanese constitution closed the war bans major rearm ment The Japanese reportedly took the position they could build their ground force only to about 180,000 in the next three to five years but they got much more if the Korean truce is signed

Japanese ethics tutions must be changed to permit creation of defense forces But even the rearming of Japan starts there are details to be worked out Japan wants security too

But that is the d This country stands ready to sell fens—Congress has voted aid to Italy, Greece and Turkey to help rearm the United States has been pushing for German and now Japan is being urged to do so

Defense officials say defense hope to reform mutual security pacts with each nation pulled with Communist aggression Each nation's contribution would be determined by Japan's acceptance of the July 27 armistice

dictatorship on moral grounds The ex official talk more than when the agreement on the was signed

Yet there remains a question as to what to do

Such events someday take a form in which Germany and Japan become intensely mutual treaties with United States The problem will have to be solved first

Delay on Income Tax Hearing Asked By Newark Couple

WASHINGTON (AP) — Morton R. Mayer and his wife Mary of 124 W. Main St., Newark, Ohio, have asked the tax court to delay hearing of $9,242.12 income tax for 1948 and 1949.

The Internal Revenue Service said they owe the money and has filed a lien against property in Licking County.

The Mayers said they were advised that the trust they had set up for their foundation was properly drawn up. The foundation they said purchased a building block of municipal bonds except for the Newark Public Library.

They asked the court to hold up this case until a suit filed in Licking County Common Pleas Court in the same subject is settled.

ACROSS THE COUNTER

Do you know the difference between Burglary and Robbery? The usual distinction from an insurance standpoint is that Burglary means the unlawful entry into another's building or home with the intent to steal, whereas robbery means holdup or forcing another person (often through fear) to give up property.

Earl J. Andrews

Likewise there are different kinds of insurance policies to cover either burglary or robbery. For the average office, home or store broad form policies are available.

Take the Storekeepers broad form policy as an example. It covers holdup inside or outside the premises, burglary of stock, safe burglary, burglary from home or night depository. Also, damage done (often maliciously) to the building or contents by burglars or robbers. Finally, "Kidnapping" which means in this case forcing the owner to return and open up the store or forcing the combination of the safe, etc. Here in one policy is coverage from a variety of related hazards.

The rate is no "robbery". You'll be amazed at how reasonable it is.

So call 2-3127 for the good news on complete burglary and robbery protection.

Don't risk loss of anti-freeze by leakage or boil-away! Get Sohio

GUARANTEED RADIATOR PROTECTION

Now you can be *sure* that when you put in your anti-freeze you won't have to buy more later on to replace what may have leaked out or boiled away. Sohio guarantees it!

New Sohio Guaranteed Radiator Protection with Atlas Perma Guard guarantees that one fill will keep your radiator protected to 20° below zero all winter long. If a check at any time during the winter shows that your protection has diminished, Sohio restores it to 20° below free of extra charge.

Yet Guaranteed Radiator Protection with Atlas Perma Guard costs you no more than the price of one fill of non-evaporative anti-freeze without the guarantee.

HERE'S HOW IT WORKS:

1 YOU GET A COMPLETE COOLING SYSTEM CHECK UP as part of Guaranteed Radiator Protection—newest Sohio service for Ohio motorists. Sohio checks your radiator hose connections and cooling system to be sure they are watertight.

2 YOU GET THE HIGHEST QUALITY ANTI-FREEZE. Atlas Perma Guard can't boil away, prevents rust, won't eat hose. One fill lasts all winter. With Guaranteed Radiator Protection you get enough Perma Guard to keep your radiator safe to 20° below.

3 YOU GET A WRITTEN GUARANTEE that the solution in your radiator will be protected against loss until April 1, 1954. Sohio Guaranteed Radiator Protection tag attaches directly to your radiator—your assurance of continued protection.

4 YOU GET ADDED PROTECTION IF NECESSARY. If a radiator check anytime during the winter shows that the protection point has risen more than 5 degrees, Sohio adds free enough Atlas Perma Guard to restore the original protection.

Offer expires Nov. 15! Exclusive at SOHIO

U.S. Pressing U.N. To Act on Red Atrocities

World Condemnation Of Communists for Korea Actions Sought

UNITED NATIONS N Y (AP)—The United States tonight added decisive emphasis to United Nations today to induce world condemnation of the Communist charges of communistic atrocities in Korea.

Just minutes before it was learned the U N Assembly had succeeded a formal demand that the Soviet Union the U S other members of the General Assembly's Steering Committee that the use of germ warfare by U S armed forces in Korea atrocities which put the Communists the 60 nation General Assembly

Key to U S Action

The key to the action was to whether the U S and its supporters could muster enough votes to get the issue on the agenda for

Red China and North Korea backed by the Soviet bloc have to defend themselves in the U N against the charges which they have made that the United States has used germ warfare in Korea.

The Assembly's steering group, the General Committee, by a vote of 12 to 1 with one abstention, recommended that the Assembly put the charges on the agenda for consideration. The United States was the only member voting against the proposal.

Soviet Bloc Rebutted

Earlier today Warren R Austin U S delegate to the United Nations rebutted the Soviet bloc charges that the United States and the United Nations command in Korea had used germ warfare against the Communists in Korea.

Austin told the General Committee the charges are groundless and are part of a campaign of propaganda to divert attention from these war crimes committed by the Communists themselves.

The Communist charges were made by Soviet Foreign Minister Vyacheslav M Molotov in a speech before the General Assembly last Thursday.

$250,000 Fire Sweeps 5 Celina Business Blocks

CELINA (AP)—A fire early today destroyed five business buildings in the downtown section of this Mercer County community causing an estimated loss of $250,000.

The blaze, which started in the basement of the Celina Auto Parts building, spread rapidly through the structure and into four adjoining buildings.

Firemen from Celina and Coldwater fought the flames for more than three hours before bringing them under control.

Among the buildings destroyed was the Celina Auto Parts building, the Celina Business College, the Celina Auto Supply, the Celina Electric Co., and the Celina Sporting Goods store.

Dear Voter:

A practical solution to the problem of truck traffic on Route 4 is to send all trucks from Route 4 over county road 156 and Route 529 to Route 98 and thus to Bucyrus. This eliminates the need for trucks to come through Marion and does not increase the distance to be traveled. I believe this to be the cheapest and easiest solution of this very real problem.

If elected I will press the State to bring about this by-pass of Route 4

sincerely,

Deadly Germs Claimed Not So Deadly

By THOMAS R. HENRY

WASHINGTON, (NANA)—Medicine may have gone too far in Flemingsickness on germs says Dr. Rene J. Dubos of the Rockefeller Institute, himself one of the foremost scientists in the field of antibodies which kill disease-causing microorganisms.

There is strong evidence, he told National Institute of Health scientists the other night, that bacteria and viruses become dangerous only when the setup is right for them. Otherwise, even the most virulent of them are harmless. Every person, Dr. Dubos said, carries in the body throughout life a host of supposedly deadly "Microbes" which live in blood and tissues as harmless guests until something happens to start them on a rampage.

Although the presence of the right microorganisms is necessary for the particular disease, Dr. Dubos insists, the real cause of the "something," or combination of "somethings," is a matter of which the present day physicians is usually quite ignorant. There even is danger, he told the National Institute physicians, that doctors who eliminate one form of supposedly malignant microorganism with some the extremely potent new drugs are just making room in the body for the increase of some worse kind.

RECENT EXPERIMENTS have shown, Dr. Dubos said, that it is practically impossible to infect volunteers picked at random with some supposedly highly infectious diseases if the experimenters do not know how to upset the internal environment so as to produce the right conditions.

During the last war, he pointed out, an epidemic disease causing great concern to military authorities was bacillary dysentery. In some areas nearly all soldiers were victims. The causative organism was well known. But when investigators tried to reproduce the malady in the United States with human volunteers the effort was a complete failure. However large doses of the bacillus, obtained directly from sick soldiers, were fed to the volunteers not a single case of bacillary dysentary was produced. The best that could be obtained, and only in a few, was a mild syndrome of food poisoning.

EFFORTS TO TRANSMIT the common cold, to which everybody seems susceptible, to volunteers have been equally unsuccessful. The cause of this malady which sweeps through communities is almost certainly a virus. It is contained in nose and throat washings of cold victims. But it is almost impossible to transmit these at will. Volunteers simply cannot be made to develop sniffles, except in a few cases. Most striking, he said, have been some recent English experiments. Volunteers were kept in complete isolation for two weeks to make sure they were not on the verge of colds at the start of the trials. Then they were placed in conditions supposed to be favorable to colds—placed in drafts, subjected to quick changes of temperature, made to wear wet socks and sleep in wet clothes. Still inoculation with the supposed virus produced only occasional colds. The real precipitating factor, which must be very common in everybody's environment, remains unknown.

LONG BEFORE anybody knew anything about germs, Dr. Dubos told the National Institute doctors, many physicians were very successful in treating patients — and some of them acquired large fortunes. They had no sulfa drugs, no anti-biotics, no immune serums. They were not faith healers or fakers, but extremely reputable men. The secret of their success, Dr. Dubos said, probably lay in a highly developed and perhaps instinctive skill in treating the patient as a whole, rather than looking, as does the modern doctor, for one cause ... or a germ to blame, and treating only that.

The germ theory of disease, he insisted, now is probably in its twilight despite its magnificent successes during the last century and despite the fact that new germs and new germ killers doubtless will be discovered. It will remain as only part of a new medicine which will try to find scientific bases for the "art" of the old doctors.

"Every living cell," Dr. Dubos said, "is the result of all sorts of evolutionary forces which have put it into equilibrium with outside forces and with forces within itself. Disturbance of any factor in this equilibrium will result in disease."

The next age of medicine, he held, will concentrate more on the equilibria than on germs.

School Children Retreat As Skunk Invades School

NOGALES, Ariz. (AP)—The kids at Elm Street School like animals, but when one moved in they all moved out.

A skunk, unmoved by their opinions, is under the floor of a classroom.

The pupils and teachers took temporary lodging at Roosevelt School. There, police and school authorities are trying to decide what to do next.

Noted Jurist, 95, Claimed by Death

OGDEN, Utah (AP) — Tillman D. Johnson, the dean of America's jurists before his retirement four years ago, died yesterday in his Ogden hotel room.

The 95-year-old former judge suffered a stroke in September. He was hospitalized for several weeks and had been at the hotel since.

Johnson served on the federal bench longer than any other American. His more than one-third century of service broke a record set by Oliver Wendell Holmes, who retired at 90. Johnson walked an average of one mile a day and read avidly in his 3,000-volume library. He was considered an authority on Western history.

The peppery little jurist could have retired at any time since 1928 with full pay of $10,000 a year. But he was a vigorous opponent of compulsory retirement, and often said that by staying on the bench he was saving the federal government $10,000 a year—the cost of a judge to replace him. Johnson spent 50 his 34 years on the bench in U. S. estimated they were tossed f...

West Virginia Baby Dies Of Fright, Scared by Dog

SUTTON, W. Va. (AP) — Fourteen-month-old Rickey Dale Barnett died of convulsions on the back porch of his home yesterday when a stray dog approached.

Coroner A. P. Armstrong said the only reason he could determine for the death of the child was convulsions induced by fright.

The boy's grandfather said the dog did not growl or make any threatening move.

You're in the driver's seat for only $2235.88 *

IT'S your money, of course—but we'd like to see you make the most of it.

That's why we publish the price of the big Buick SPECIAL here—to make Point #1: *you can buy this great performer for just a few dollars more than the so-called "low-price three."*

But Point #2—the *smart* point—is this:

When you put up those few extra dollars for the Buick pictured here, you're in the driver's seat of a lot more automobile.

You boss *extra* power—more satisfying power—walloping Buick Fireball 8 power—highest ever found in a Buick SPECIAL.

You get extra room—a lot more comfortable room—real, man-sized, 6-passenger room—as much room as you get in cars costing hundreds of dollars more.

You enjoy *extra* satisfaction—more solid satisfaction—in the ride of this big, broad, road-steady traveler that's cushioned by coil springs on all *four* wheels, and engineered with all the other costly features of the Million Dollar Ride.

And, speaking of extras—here you get, *at no extra cost*, a long list of standard equipment that most other cars at or near the price of this Buick charge you for, as "extras" on the bill of sale.

So, as we said—it's your money—and it's your move.

If you're aiming for the driver's seat of a hard-to-beat buy—*for a lot less than you think*—come in and see us soon.

Dusting Off the Bible

One of the most powerful forces in the world today is the Bible — a force big enough to reform public miseries a force that makes strong men stronger and gives weak men hope

In times of war or peril around the peoples of the earth turn to God more readily than in times of peace they are too often prone to forget Him

Certainly one of the cherished rights for Americans have the right of exercising this right in one way that certain good feeling as if he had started the day off right

Religion's text book the Bible is still the best seller on bookshelves everywhere

In listing qualities of a good leader one of the first mentioned is that his thinking be balanced by a sense of reverence to God and that he respect the religions of all

As leaders of our nation presidents are expected to be reverent and respectful of the church They like most of us have favorite Bible passages

President Eisenhower lists two favorites Psalms 27 1 which reads Except the Lord build the house they labor in vain that build it Except the Lord keep the city the watchman waketh but in vain and Chronicles 7 14 "If My people, which are called by My name shall humble themselves and pray and seek My face and turn from their wicked ways then will I hear from heaven and will forgive their sins and will heal their land

Former President Truman urges all to read the entire Bible but especially the version in Matthew of the Sermon on the Mount which starts Blessed are the poor in spirit for theirs is the kingdom of heaven"

Herbert Hoover chooses Proverbs 29 18— "Where there is no vision the people perish And he that keepeth the law happy is he"

The old saying "You go to your church and I'll go to mine" may need dusted off but it's a fine thought

Fugitive Eludes State Police In Kentucky Hunt

LITCHFIELD Ky (AP)—Elusive Dave Hart's hide-and-seek technique had Kentucky state police regrouping today to size up their manhunt from a new angle.

A cordon of cops 55 strong and armed to the teeth, curry-combed 800 acres of rugged hills yesterday without finding the 38-year-old farmer accused of killing his wife early last month.

Afterward Police Commissioner Charles C Oldham said he would try "one last plan" to pull Hart out of hiding. He declined to say what the plan was.

Hart vanished into the wild timber country soon after Mrs. Hart, the mother of nine children, was shot to death Oct 7.

Officers chose first to wait for him to come out on his own. He showed himself twice but became suspicious and returned to the bush.

A 21-hour watch was set up when cold air had moved in, but freezing temperatures didn't flush the farmer either.

Finally, 100,000 leaflets promising the fugitive a fair trial were air-dropped on the area. Hart didn't budge.

Neither did he pay attention to pleas of two of his children carried into the forest through a sound truck's loudspeakers.

Yesterday's operation, by posse members using rifles and riot guns, was ordered in desperation. Heavier arms were decreed when it was reported Hart was armed with at least a gun and a pistol and would resist if found.

The day was spent shaking bushes, probing caves and searching buildings throughout the area. The caves and buildings were sprayed with tear gas before officers entered them. A police plane circled the fastness to assist in the hunt.

Hart's footprints were found. Also a price which he had slept and tobacco, a command-eered note. Evidence that he had obtained food from friends or other sources was detected.

But Hart himself didn't show.

Student Reporters To Cover Faculty Meetings at OWU

Special to The Star

DELAWARE — When the Ohio Wesleyan University faculty has its monthly meeting Nov. 9, editors of the student newspaper, The Transcript will be sitting in the midst of their professors for the first time in an official capacity.

At their last meeting faculty members voted to invite three members of the Transcript's senior staff to each meeting so that they could report on the proceedings in the columns of their weekly newspaper.

Prof Verne E Edwards Jr, acting chairman of the journalism department, said the faculty's decision sets a good example for universities interested in promoting traditional American freedoms.

"Colleges are demonstrating their willingness to practice democracy when they open their meetings to the citizens of the communities by inviting press coverage," Edwards said.

The movement to invite student press coverage of meetings was tendered by faculty members, approved and forwarded to the faculty by Dr Arthur S Flemming, president who is on leave to serve as director of the Office of Defense Mobilization, and D. C. E Ficken, interim president.

Pair of Buck Deer Battle To Control Herd at Zoo

SAN FRANCISCO (AP)—Two red male deer in the Golden Gate Park herd battled yesterday in battle for control of the eight doe of the herd.

Hundreds of persons witnessed the two-hour struggle brought on by the mating season. The result was a draw out Zoo Director Catey Baldwin said the fight might be resumed tomorrow.

The conflict was between a 3-year-old buck and the 5-year-old herd boss. They wrestled over some 40,000 square feet, their antlers locked together.

The battlers broke off from exhaustion after the second deer appeared to be a draw.

The wedding of Miss Martha Jane Lepley, daughter of Mr. and Mrs. Lynn E. Lepley of the Wyandot Rd., and Owen M. Ballreich of Tiffin took place Saturday, Oct. 24, in the Wyandot Methodist Church. The bridegroom is the son of Mr. and Mrs. Carl A. Ballreich of Tiffin.

Only the immediate families were present for the ceremony read by the pastor, Rev. B. F. Crawford.

A knit costume in antique gold was worn by the bride. Her accessories were purple and she wore a purple orchid corsage.

Mrs. Robert Doe of Grove City was the matron of honor. Her costume was a green wool dress with which she combined rust accessories and wore a corsage of yellow chrysanthemums.

Serving as best man for the bridegroom was Robert Rarick of Tiffin.

A buffet luncheon was at the home of the bride's parents and in the afternoon Mr. and Mrs. Lepley were hosts at a reception for 150 guests at the King's Daughters Chapter House in Bucyrus. Wedding bells which decorated the cake at the wedding of the bridegroom's sister, Mrs. Robert Reis, topped the wedding cake. Assistants were Mrs. Reis, Mrs. Marilyn Smith, Mrs. Earl McCombs, Miss Jeanne Quaintance, Miss Marilyn Tuck, Mrs. Curtis Smith and Mrs. Frank Daughmer, aunt of the bride.

The couple went to New York from where they flew to Bermuda for their honeymoon. They will be at home at 132 Grand Ave. Tiffin after the middle of November.

The bride is a graduate of Mt. Zion High School, attended Baldwin Wallace College in Berea and was graduated from Tiffin University. She is a member of Kappa Delta Phi social sorority. Prior to her marriage she was a secretary at the Tecumseh Products Co.

Mr. Ballreich is a graduate of Columbia High School, Tiffin and attended Tiffin University. A veteran of World War II, he served with the armed forces in Korea. He is associated with Ballreich Bros., Inc., Tiffin in the manufacture of potato chips.

Reservations For 'Follies' May Be Made

Reservations for Thursday night's performance of the Junior Service Guild "Follies of 1953" may be made Tuesday at the Palace Theater box office from 10 a.m. until 9 p.m. Patrons attending Friday night's performance may reserve seats at the same hours on Wednesday. Curtain time on both nights is 8:15 p.m.

Approximately 150 local residents are taking part in the revue, the proceeds of which will be used by the sponsors to continue their civic and welfare work in the city and county.

Tickets for the two preformances may be obtained at the Palace Theater box office until curtain time. Exchange tickets also are available at the National City Bank and Gallaher's Drug Store.

Rehearsals have been in progress for the past several weeks under the direction of Robert Cowell of the Jerome Cargill Co. of New York City, who reports the cast is shaping up nicely for the two-night performance. He has called a full dress rehearsal for Wednesday night following the picture shows.

Foreclosure Asked In Bucyrus Court

BUCYRUS — Foreclosure and sale of equipment of the Transportation Seat Co., which was established here in 1950, is asked in a petition filed in Crawford County Common Pleas Court here by the Reconstruction Finance Cor.

Two other petitions for recovery on chattel mortgages of the company have been filed by the RFC, which claims it loaded the firm $200,000 last May. The government agency claims the firm is in default for payment of interest as required by the mortgage and asks that a receiver be appointed for the property. The RFC claims the the deefndant has abandoned its property and asks sale of equipment on the premises, including a truck, sewing machines, other tools, finished and unfinished products.

The company has been closed since September. At one time it employed about 100 workers but more recently about 45 were employed by the firm, which had some contracts for army and navy equipment.

Ex-GI Who Posed as Doctor Exposed

CINCINNATI (AP) — A 30-year-old ex-Army private who duped doctors and hospitals in eight states with his pose as an experienced physician will serve the next three years in jail.

His fantastic story unfolded yesterday after he pleaded guilty in Federal District Court to charges of misrepresenting himself as a doctor to Army officials.

Scores of Operations

He is Harold K. Rain, who used the name of Dr. Samuel P. Hall in performing scores of operations. The Federal Bureau of Investigation arrested him Sept. 9 after he asked a magazine editor if the publication would be interested in buying the story of the masquerade.

Rain said he went to the University of Chicago as a pre-medical student. He attended lectures, too, at the University of Illinois School of Medicine and Cook County Hospital. His claims could not be verified.

After his "training," a medical placement agency referred him to the Inland Lime & Stone Co. of Manistee, Mich., as company doctor.

From there he went to Mississippi, Arkansas and St. Louis, Mo., where he worked in a sanitorium for four months.

He became a resident physician at Camden-Clark Hospital in 1949 at Charleston, W. Va. Here he performed his first major surgery unassisted. Here too he married a nurse.

Moved to Ravenna

They had three children. The couple was divorced and he remarried the day after the decree.

From West Virginia, Rain moved to Ravenna, Ohio. He was resident physician at Portage County Hospital from October, 1947 to July, 1948. On the move once more, he went to a clinic at Stephensville, Tex. Here he acquired a reputation as a specialist in obstetrics and gynecology.

But the state medical board caught up with him and fined him $50 for practicing without a license.

Undaunted, the dark haired and scholarly looking Rain asked an ex-patient for a position as company physician in San Antonio, Tex.

"Dr. Hall" then applied to the Army at Ft. Sam Houston and got accepted as a contract physician. This was the job that got him into difficulties with the federal authorities.

Not Through

But the law had not caught up with him yet. He became a staff member of the Olney, Ill., sanitorium clinic at $1,000 a month. An operation there on Mrs. Alberta Gress was "close to fatal," said Judge John H. Druffel.

"You realize you have taken the lives of many people in your hands," the judge lectured Rain. "You realize you are a menace to the public. It is fortunate for you you are not up for manslaughter."

When he was arrested in Cincinnati, Rain explained his bizarre career by saying his mother's dying wish was he become a doctor.

However, the court was told his mother was still living.

DENTIST ATTENDS MEETING

Dr. Henry J. Behrman of 201 Elm St. left today for Grand Rapids, Mich., where he will attend the annual meeting of the Great Lakes Society of Orthodontists. It opened today for a three-day session at the Pantlind Hotel in Grand Rapids. Dr. Behrman's offices here are at 197 W. Center St.

Reports on World Tour

Point 4 Aid Not Working Too Well, Senator Finds

Sen. Allen J. Ellender (D., La.), member of the important Appropriations Committee, has just returned from a worldwide tour during which he observed the progress of the U. S. technical assistance program. This is the one of a series of articles for NANA in which he states his conclusions.

By SEN. ALLEN J. ELLENDER

WASHINGTON, (NANA)—What is U S technical assistance accomplishing in underdeveloped countries?"

This was one of many questions I hoped to answer this past fall as I winged my way across the Atlantic towards Dakar, French West Africa, on the first leg of a journey that was to take me to 21 underdeveloped countries and on a flight of almost 45,000 miles.

As a member of the Senate Appropriations Committee, it was my hope to get answers to those questions—answers the American people are entitled to have, and which I feel the Congress must have if it is to act wisely on budget requests totaling many billions of dollars annually for foreign aid.

It was my desire to go not to the "high brass" of American installations abroad, but to get out in the rural areas, among the people of the country, and learn from them what they thought of our overseas program, of its progress, and of our methods.

In the parlance of American politics, I wanted to go to "the forks of the creek," and I did.

Today as I write this article, I can neither turn thumbs down on nor can I unqualifiedly sing the praises of U. S technical assistance efforts I have found that, in some instances our representatives are making good progress; in others, their accomplishments add up to zero.

DURING MY JOURNEY, which I confined to Africa, southern Asia, Australia and New Zealand, I found that the crux of the foreign aid dilemma in those areas may be found in the interpretation placed on the program Americans have termed Point IV, had its beginning in 1950, when President Truman advocated a technical assistance program undertaken to share American technical knowledge with less advanced nations.

One objective was an end to post World War II dollar handouts. The other, to attack and begin to solve the twin problems of hunger discontent and aggression since the dawn of history.

Thus was Point IV born.

Unfortunately, it has not yet come of age. It remains the enigma of our generation; a program which has one meaning on Main Street and another in India. In the eyes of the Congress, it means sharing knowledge, while too many of our administrators see it as plan aid under a new name and for an indefinite period.

To me, Point IV is not a patent medicine cureall for the world's ills, rather, it is a careful prescription, the contents of which must be varied from sickness to sickness, from nation to nation.

It was in Africa and southern Asia I found, as I discovered last year in South America, that unless we reevaluate our Point IV prescription, unless we compound it from the right ingredients, we are pouring too much of our money down a rat hole.

IN MANY INSTANCES, the theory of helping others to help themselves has been translated into a practice of letting Uncle Sam do it all Almost as bad, too many American officials abroad see Point IV as tailormade authority to remake the world in America's image—something neither we nor our recipient friends desire.

It does no long range good, for example, to provide a modern tractor and gang plow to a man who has never turned his land with anything but a pointed stick. Yet this—or its equivalent—is what our Point IV specialists are doing in too many instances.

We are not, to take another example, helping nations to help themselves (except to our pocketbook) when we contribute half the cost of constructing an agricultural and mechanical college, which is precisely what I found we are doing in one underdeveloped area.

In too many instances, our technicians are forcing primitive people to bite off more than they can possibly digest, or even chew. In addition, they are neglecting the basic proposition of putting first things first. In one underdeveloped land, I found an effort underway to teach the natives how to build ponds, so that they can raise their own fish. This is being done despite the fact that fish abound in the streams and adjacent ocean of that country. All the natives need are small boats and seines—not ponds and fingerlings.

IT IS HIGH TIME for our representatives abroad to realize that our country cannot afford the cost of remaking the world We are staggering under a debt which approximates $1,800 for each man, woman and child in the United States. Yet, we are, for example, paying half the cost of building fine classrooms in a nation which has no debt at all, while American Children go to school in shifts.

To paraphrase Puck, "Lord, what fools these Americans be." And in too many instances that is what I have found is being said about us.

What then is Point IV supposed to do?

Using the A & M college as an example, our efforts should be limited to advising the host nation how to build, how to organize and how to administer an agricultural college. Under no circumstances should we build it for them. Such capital investment is economic aid and a worldwide program of economic aid would not only bankrupt this country, but would also fail to inspire the underdeveloped peoples to help themselves—to be ready, willing and able to take over after Uncle Sam Shows the way.

U.S. To Store A-Bombs At 5 Air Bases in Spain

MADRID, Spain (AP)—The U. S Air Force eventually will have supplies of atomic bombs stored in Spain for use against "a common enemy," U. S. Air Force Secretary Harold E. Talbott declared here today.

Talbott told a news conference this atomic base for the Strategic Air Force will be established only with the approval of the Spanish government.

Any use of these atomic weapons by the Spanish Air Force would be the result of negotiations between the two governments, he said, emphasizing that a Spanish use of these weapons is not in the picture at the present time."

Talbott is at present studying sites for five proposed bases in Spain which the U S Air Force will modernize and use in conjunction with the Spanish.

Halloween Night Damage Is Minor

Marion Halloweeners apparently observed the traditional prankster's night in a well behaved manner Saturday night.

Police Chief Tom Coon reported today that only one complaint of property destruction by Halloweeners was received by the police department over the weekend.

This was a call from 221 Barnhart St. at 9.20 p.m. Saturday after tomatoes were thrown on the porch. Some went through the front door screen.

Chief Coon said two youths, one 15, the other, 17, were apprehended and were ordered to appear before Juvenile Officer Virgil Campbell Nov. 3 at 3 p.m. Other reports of Halloween activities were of a routine nature, Coon said.

These Days

By George Sokolsky

It had to come sooner or later that the opposition to President Eisenhower would be concentrated on one of his cabinet members.

SOKOLSKY

So the fight is being made on Ezra Taft Benson, not for what he has done but for what he is being suspected of proposing to recommend should be done. For actually, what are being enforced today are still the laws enacted in the Roosevelt and Truman administrations.

Perhaps here in lies one of the major defects of the Eisenhower administration. The world does not stand still while serious men study important problems. The rain fails to fall at the right time no matter which administration is in office. Crops are plentiful or inadequate; cattle grow numerous or are hungry on the range with or without the consent of those who sit in high office.

—:—

SECRETARY BENSON is one of the most competent men in this administration. He inherited a sprawling, overstaffed, messily political department which requires reorganization. For nearly 20 years, the Department of Agriculture has been used to build a vast political machine, one of the objects of which was to influence votes. Every effort made by Secretary Benson to smash that machine naturally encounters resistance.

The principal opposition to Benson comes from his own party and is led by Rep. Clifford R. Hope of Kansas, chairman of the House Committee on Agriculture, and Sen. Milton R. Young of North Dakota. No charge can be made by them that Ezra Taft Benson has destroyed the doctrine of parity or weakened it, because this he has not done.

The objection is that he intends to find a way to stop spending about $500,000 a day to keep prices for agricultural commodities high. The government now owns or has loans on approximately $4,000,000,000 of agricultural commodities.

—:—

NO ONE advocates an absolute reversion to the law of supply and demand because it is obvious that if farm products were suddenly to be without supports and without controls, prices would be so low that the farmers would go broke. The economic consequence of that would be that we would have another depression of a very serious nature.

The social consequence would be that the farmer would be reduced to peonage, many of the farms falling into the hands of banks, insurance companies and large speculative landowners, with the farmers working their own places as tenants. Nobody wants that. Nobody advocates that.

On the other hand, it is uneconomic and immoral to spend $500,000 a day on food and other farm products, to be stored, to waste and rot and spoil. Somewhere in between is common sense. So some talk about flexible price supports instead of a rigid system.

Others talk about a two-price system—one price for domestic consumption; another for export. Some talk of a gradual reduction of parity, etc. The proposals are numerous, except that nobody dares to suggest a free market in which the law of supply and demand shall prevail.

—:—

IN OLVED IN all this is the problem of personnel. Too many persons are employed in the Department of Agriculture and they cost too much money. The Hoover Commission recommended a reorganization of the department and the Congress has authorized it. Suggestions had to be made before Nov. 1 and have been made.

Secretary Benson believes that his reorganization plan will streamline the department and get for the taxpayer a dollar of work for a dollar paid. Those who have for years felt that they had a vested interest in a government job are worried whether their particular jobs will continue in existence.

Politicians who live by patronage are concerned over the elimination of jobs. In a word, Benson is chopping off the suckers on the tree of life. He encounters the kind of resistance which many typify by the word "impractical."

—:—

IT IS IMPRACTICAL to cut jobs in a congressional election year and as that comes around on every even year, it is impractical to do anything constructive on even numbered years. Also it is impractical to do the same during the second half of odd numbered years because it might encroach on the even numbered years. So, a wise man never risks his political neck by doing anything at all to save the taxpayer from the high cost of government.

That is what Era Taft Benson is up against.

(King Features Syndicate)

Marion Foremen's Club To Hear Talk By Sports Writer

Don Mack, wild life columnist for the Ohio State Journal, will talk on hunting and fishing at a meeting of the Marion Foremen's Club Wednesday, Nov. 11, at 7:30 p.m. The meeting will be held at Columbian Hall.

DON MACK

Mack is a native of Marion County. It was here he first got hunting and fishing experience and also the realization that wildlife of the country must be preserved to provide for future generations.

During his lifetime, Mack has hunted and fished in many areas in the United States and Canada. For the past several years, he has made a hobby of catching wild animals, tagging them, and releasing them.

Mack is also a field dog judge, and has been active in dog trials for the last 22 years. He is also a camera enthusiast and has photographed wild life, mainly in central Ohio. He now has a roll of movie film which lasts 75 minutes.

He says the greatest danger to wildlife is civilization, and asks that wildlife be given a chance to survive.

The club meeting will be Marion Power Shovel night.

Bucyrians Warned Of Water Shortage

Special to The Star

BUCYRUS — Voluntary conservation of water by domestic users was urged here today by Roy Riley, superintendent of the municipal waterworks.

Riley said he already had contacted personally the managements of all major industrial plants and urged them to conduct a plant-wide campaign to cut down on the use of water.

No mandatory restrictions will be placed on usage at present but Riley pointed out that the city's water supply is dwindling rapidly and a critical stage will be at hand in a couple weeks if there is no rainfall.

At present the city is pumping about one and one-half million gallons of water weekly from the Sandusky River. According to Mr. Riley, a little rain would be a big help to the river supply because of its large watershed but "it will take a lot of rain" to replenish the city's two reservoirs.

Inside Labor

By Victor Riesel

There was really only one secret which the Soviet's atomic espionage rings didn't steal—I hope. That was the development of aerial propulsion at our atomic bomb center in Oak Ridge. This is the work on an atomic airplane motor which will enable our bombers to circle the earth without conventional fuel.

KIESEL

And the Soviet rings were about to get their agents into that area, too. But the arrest of one of the colleagues of the Soviet master spy, Julius Rosenberg, at least temporarily averted that disaster.

The man who was ready to move into Oak Ridge is the brilliant aerodynamic engineer, William Perl, now doing five years for perjury in the Federal pen at Terre Haute. Perl had actually applied for a position at Oak Ridge, having shown his brilliance as an aerial scientist in his work in Cleveland with the government's National Advisory Committee on Aeronautics, one of the most vital federal theoretical and experimental agencies.

—:—

WHAT PERL wanted, when he asked for security clearance and a transfer to Oak Ridge, was to be appointed liaison man between the atomic-bomb scientists and those working on the aerial atomic motors which, it is hoped, will be able to power the bombers carrying nuclear weapons long distances. Nice work, if he could get it.

He didn't. He was arrested, instead. And he turned out to be as prolific as he was brilliant. It was discovered, for example, that he was part of a group which we now know was deep in the heart of the radar espionage ring operating at the super-secret signal corps labs in Fort Monmouth, N. J.

Let me take you step by step from here on out, since the radar story, though only a minute part of the intricate ring operated by Julius Rosenberg, is breaking wide open now.

—:—

WE GO BACK to an apartment in the depth of Manhattan's lower west side. At 65 Morton St., to be exact. The time is any one of dozens of days in 1944, 1945 and 1946. The apartment is listed in the name of one Alfred Sarant. In 1946, Sarant subleased it to William Perl, the man who wanted so much to get to Oak Ridge, but couldn't because he was caught lying in his government application papers.

In the room on any one of those days are five men—master spy Julius Rosenberg; his aide, Morton Sobell; William Perl; Albert Sarant and one Joel Barr.

Specifically, what they said only the FBI and some of the Justice Department's prosecuting attorney's know. And they aren't talking. But we do know that Rosenberg has been executed as a master spy. Sobell is doing 30 years in Alcatraz for helping him steal our atomic secrets. William Perl is doing five years for perjury, for denying that he knew Rosenberg. Sarant has skipped the country, via Mexico. So has Barr. Both are now believed to be in the growing Anglo - American colony of traitors now operating in Bucharest and Prague.

—:—

BUT BEFORE Barr and Sarant skipped the country, they worked at Monmouth's secret labs. So did many of their friends. Just what secrets Barr and Sarant passed on to the Soviets, and just what agents they left behind, no one outside the investigatory agencies knows. But even the untrained mind of a newsman like myself can figure it out.

Obviously William Perl hasn't told all. Why did he sublease the apartment at 65 Morton St. from Sarant. What did he want with it while he, Perl, was working in Cleveland at the National Advisory Committee? Why did Perl lie about knowing Sarant and Barr? But most important is the answer to one big question:

Why did the Rosenbergs send an emissary to Perl's Cleveland apartment—which was well wired for sound by the FBI by that time—and offer him money and directions for quitting the country via Mexico.

—:—

THERE IS NO evidence that this emissary, Vivian Glassman, knew she was from a spy ring. But she was the girl friend of Comrade Barr, also a bright electronics engineer. She searched Perl out in Cleveland and told him to take the money and go to Mexico. She mentioned Barr and Rosenberg. She wrote everything down on a piece of paper for Perl. But later he told the FBI that he was so very upset that he threw away the notes.

This man Perl holds the key to much of the radar-secrets mystery. But whether he talks or not, he is living evidence that the Rosenberg rings are very much alive, although their paymaster is dead.

Now let those who wept for the Rosenbergs, weep for those who will some day be blasted by the Soviets' atomic bombs in a sneak attack through our radar screen.

T. R. American

By Bob Considine

Theodore Roosevelt, 26th President of the United States, would have been 95 years old last week had he survived. The wonder is that he lived as long (61 years) as he did, and as robustly and productively, for he was a sickly child whose life was despaired of.

The grandchildren of his secretary of commerce and labor, the family of the late Oscar S. Straus, have now made possible a permanent exhibition "The Life of Theodore Roosevelt" in the American Museum of Natural History.

It is certain to become a tourist mecca for there is evidence of a tremendous rebirth of interest in this remarkable man in this age, when, reversing his advice, we walk loudly and carry a small stick.

—:—

TEDDY ROOSEVELT the child, traveler, the family man, author, naturalist, explorer, New York City police commissioner, governor, assistant secretary of the Navy, Lt. Col. of the Rough Riders, vice president, president, elder statesman and Nobel Peace Prize winner can now be seen through letters, photographs and an infinite variety of other things he left behind him.

Roosevelt wrote 37 books, more than most of the other presidents combined. He was an early Churchill at phrase - making. He coined "weasel words," "my hat is in the ring," and "lunatic fringe," among others.

He is said to have been able to absorb a page of a book with hardly more than a few over-all glances. Of his voracious reading habits, Jacob Riis wrote:

"In all the wild excitement of the closing hours of the convention that set him in the vice president's chair, he, alone in an upper room, was reading Thucydides."

—:—

HE WROTE a "nonsense poem" to soothe the kids at bedtime, and in doing so displayed his astounding knowledge of natural history:

Trilobite, grapholite, nautilus pie
Seas were calcareous, oceans were dry,
Eocene, Pliocene, Miocene, tough'
Lias and Trias, and that is enough'"

For all his tramping about the world, he was a devoted father. the exhibition stresses. Once in talking of his children he said, "I had not the heart to refuse, but really it seems, to put it mildly, rather odd for a stout, elderly president to be bouncing over hayricks in a wild effort to get to goal before an active midget of a competitor. However, it was really great fun."

—:—

THERE IS a touching tribute to his wife in his diary:

"As I mounted the White House steps, Edith came to meet me, and I suddenly realized that, no matter what the outcome of my election, my happiness was assured, for my life with Edith and my children constitutes my happiness."

Roosevelt, the Harvard undergrad, is on view in his diaries and, pictures, and Roosevelt, aged 14, traveling through Europe, Egypt and the Holy Land.

So is Roosevelt the North Dakota ranchman, Roosevelt who refused to shoot a bear cub (inspiring Cliff Berryman's "Teddy Bear" cartoon and a long line of by-products), Roosevelt the lion and elephant hunter, and Roosevelt the ornithologist.

"Gentlemen, do you know what happened this morning?" he once demanded of his startled cabinet. He broke the tense silence that followed, by adding, "I saw a chestnut - sided warbler — and this is only February."

—:—

THE SCHOLAR digging beneath the surface of the exhibition will come upon many examples of the striking difference between Roosevelt's approach to a foreign policy and the philosophies of the last three U.S. Presidents.

In an instance not essentially unlike the Bill Oatis case, an American citizen named Perdicaris was captured in Morocco in 1904 by an important chieftain named Raisuli. Roosevelt simply wired the sultan: "Perdicaris alive or Raisuli dead."

Election Activity Varies In Neighboring Counties

A look at neighboring towns on election eve shows plenty of variety in pre-election activity.

To the north, in Crawford County, Galion's political campaign has gathered momentum, while reports from Bucyrus, the county seat, have it that the 1953 campaign has been unusually quiet. Atmosphere there, almost parallels the 1951 campaign when both parties held no major rallies. Again this year neither party has held any city-wide meetings and there has been little newspaper advertising or other types of electioneering. At Crestline, Mayor Nelson Lee is unopposed for re-election.

OUT IN FRONT in Galion are the two candidates for mayor, Jay F. Nichols (R) incumbent, who is seeking his third consecutive term and Francis C. Schalip (D), now serving a term as president of City Council. Forty-four-year-old Schalip, manager of the Thomas Hardware Store, has a daughter enrolled as a senior at Capital University, Columbus, and a son employed at the North Electric Manufacturing Co. Mayor Nichols and his wife have been in the corner grocery business. He is completing his second consecutive term as mayor. He was mayor from 1924-25, served as councilman for two terms and service-safety director for several years. Seeking another term as city solicitor is Edward H. Jones (R). His opponent is Colin H. MacAdam (D).

Bucyrus' Mayor Frank P. Sitler, first Republican ever re-elected mayor here, is seeking a third term. He owns and operates a real estate agency. His Democratic opponent is Joe L. Sullivan, proprietor of the Western Auto Associate Store. Solicitor Robert L. Brown, (R), is the only candidate without opposition. He is seeking a second term. Council President Robert E. Caldwell (R) and six of the seven members of council all are candidates for re-election. Present make-up of the council is five Republicans and three Democrats. Caldwell is opposed by Allen Levin.

WYANDOT COUNTY'S election looks like another comparatively quiet one. At the county seat, Upper Sandusky, Harold J. Koehler (D) incumbent, is unopposed for the mayoralty. Candidates for council, treasurer, clerk and board of public affairs are all unopposed. Council set-up now has four Democrats and two Republicans. All village elections are non-partisan and only at Sycamore is there a contest for the mayoralty. Linus G. Stubbs and Knute Hofius are candidates for mayor.

Three candidates are vieing for the mayorship at Mt. Gilead in Morrow County. Emery Murphy, Ray Bennington and Alvin Spriggs are in the contest. Morrow County voting is not expected to be too heavy. Drawing the most attention and interest will be the outcome of the county hospital and health levies and the Mt. Gilead mayorship and school board race. For the first time in its 20-month history the county hospital is asking for operating assistance from the taxpayers.

Voters of the Washington-Bloomfield Local School district will be asked to support a bond issue of $163,000 on Tuesday. The proposal issue calls for providing five fireproof classrooms, a cafeteria and kitchen plus restrooms; purchase of additional land; procuring furniture and furnishings and remodeling or improving the existing building as provided by law. The building was built in 1912 for about 300 pupils. Present enrollment is 456.

IN DELAWARE COUNTY, all candidates are running on non-partisan ballots. In the city of Delaware, voters will choose a municipal judge, either Henry W. Wolf or Franklin R. Wright. They will pick three councilmen - at-large from Edward A. Frahive, Frederick D. Puckett, H. A. Cummins, Paul B. White, B. H. Mantor, L. Dennis Marlowe, and Lee S. Landsittel, in addition to ward councilmen. There are no candidates filed for the mayorship at Ashley and Ostrander's mayoralty candidate, W. E. Benton, is unopposed.

Running for mayor at Marysville Union County seat, are Todd Heapes (D) and Gerald Kingsmore (R). Richwood's mayor, Nelson Blue is unopposed for another term, as is Magnetic Springs' Mayor Robert E. Eastgate.

Plenty of suspense is the forecast in Hardin County's mayoralty runs. At Kenton, LeRoy Hoppe (R) is opposed by Lester Wilhoit (D) and at Dunkirk, James Shuff opposes Charles L. Fulks, while Willis Ramsey and Forest LeValley fight it out at Ridgeway. Mt. Victory's Walter E. Thompson is unopposed as is Forest L. V. Snider. All Hardin County voters will ballot on a $600,000 bond issue for the construction and equipping of a new Hardin County Home. Kenton voters will either okay or reject a $200,000 bond issue for extension of the sewage disposal works.

Repeal of Ban on Liquor Sale to Indians Lauded

GALLUP, N. M. (AP) — Law enforcement officers in this area see at least two definite benefits from recent repeal of the law banning sale of liquor to Indians.

The first is a decrease in drunken driving by Indians. The other is a little less routine for police. The officers say that since the Indians can now drink in the towns, there should be fewer deaths due to exposure in the chilly canyons where they used to have to take their liquor.

123-Day Walkout Ended in Indiana

CONNERSVILLE, Ind. (AP)—Production resumed today at the American Kitchens Division of the Avco Corp., after members of the CIO Auto Workers Union voted to end a 123-day strike.

At a mass meeting yesterday the workers voted 657-131 to accept a two-year contract retroactive to Sept. 15. It provides pay raises of from four to nine cents an hour, increased vacations, and talks next year on a pension program. Present pay scales were not disclosed.

The strike was marked by some violence, and state police were called in to maintain order. The disorders during the strike, and pay to the strikers for one of two days which occurred during new contract provides reinstatement of three men fired for alleged the strike.

HOW AMERICA IS CHANGING

They're not the killers they used to be

TYPHOID FEVER... DIPHTHERIA... SCARLET FEVER... PNEUMONIA... TUBERCULOSIS

In 1900, there were over 35,000 deaths from typhoid fever. Last year, there were about 100. Deaths from diphtheria decreased from 29,000 to less than 300; scarlet fever, 6,300 to less than 40. And during the half-century, our population has *doubled*.

In the last ten years alone, annual deaths from pneumonia and influenza declined from 74,500 to 47,300; deaths from tuberculosis from 57,700 to about 26,000.

America can take pride in the giant strides that our doctors, hospitals, medical schools and research men have made in combating disease. But we must remember that much still remains to be done—and this will need the continued support of all of us. In particular, now that we are living longer, there is an ever-growing need for coping with the diseases of middle life and old age.

The life insurance business recognizes a responsibility to aid the work for health improvement. Through the Life Insurance Medical Research Fund, it is supporting the fight against the greatest killer of Americans today—diseases of the heart. Since the Fund was organized in 1945, it has made available over $5½ million for specific research projects and fellowships in this field. This Fund is just one example of how the life insurance business is helping in the fight for a healthy nation.

But more important are the contributions that come from the hearts and pockets of individual citizens. The time and money you give in your community to local and national health and welfare organizations will speed the pace of future progress.

Americans have always found that the best way to solve a common problem is by everybody pitching in.

Fanny Farmer Co. Worth Millions

Blind Man's Faith Amassed Fortune

NEW YORK (AP)—John D. Hayes is 70 years old, almost totally blind, and runs a candy business that took in 22 million dollars last year.

"I'd hate to have my vision back—and I used to have marvelous eyesight," he said. "But it wouldn't be worthwhile to have it back. I'd miss so much of what I have now."

Hayes didn't feel that way when his sight rapidly began to fail nearly 30 years ago. He and a partner had launched a candy business with 50 thousand dollars in Rochester.

It was just getting going well when Hayes had some teeth extracted, and hemorrhages destroyed the retina of one eye, almost destroyed the other. As the world darkened around him, his spirit sank in dispair.

"I was all broken up," he recalled. "I had a wife and two young daughters to support, and I didn't know how I could go on.

"But when you have a defect you just have to learn to live around it. I felt that God had put me here, there must be a place for me in the world, and that he would help me to find it."

Hayes has found a mighty big place. Today his Fanny Farmer Candy Co. has seven factories—he calls them studios—3,500 employes—he calls them associates—and 371 retail shops in some 200 American cities. Hayes also heads a chain of 100 candy stores in Canada.

How can a man who can't see a face before him, or read a ledger operate a multi-million dollar business without—as the saying goes—"being stolen blind?"

The answer Hayes found was the honor system.

"We don't have spies, spotters or checkers," he said. "Each store manager keeps his own books and takes his own inventory. When people know you really trust them you don't run into much dishonesty.

"They could cut my throat but they don't do it. God has been good to me in gathering around me the people he has."

The big, ruddy-faced, white-thatched executive runs his firm like a family patriarch, likes his employes to bring their personal troubles to him.

"My own lack of vision has given me insight into other people's problems," he said. "To understand another person's troubles you have to have troubles of your own."

Hayes visits some 275 of his stores each year, feels he can identify nearly 3,000 of his "associates" by their voices. He has stubbornly refused to learn Braille, leans heavily on his wife, who on a recent trip to Florida wrote back 75 personal postcard messages he dictated.

"She is both my eyes and my right arm," he said.

Hayes is deeply religious.

"I visit my church every morning," he said, "and kneel and thank God for giving me what he has, and for carrying me along this tough old road. I love life, I love people, I enjoy every day, and I never want to retire."

The close relationship he now has with thousands of friends and "associates" is worth more, he feels, than the gift of sight.

"If I could see again, by some miracle," he said, thoughtfully, "I would have to start a new life. Everybody would say, 'Oh, he can see,' and it would make a difference between us. No, it wouldn't be worthwhile."

He prefers the eyesight of the heart.

Marion Recruiter Lists Men Signing For Service Duty

One re-enlistment in the Air Force, as well as three enlistments in the Air Force and two enlistments in the Army, are reported by Sgt. Howard Wheatcroft of the Marion recruiting station.

Harold M. Undheim, whose wife resides in Caledonia, re-enlisted in the Air Force as a master sergeant after recently being separated in French Morocco as a first lieutenant.

During his 13 years of service in the Air Force, Undheim has been stationed at Yuma, Ariz., Clovis, N. M., Saipan, Tampa, Fla., Korea, Japan, Spokane, Wash., Oklahoma City, Okla., Cleveland, Germany, and French Morocco.

He was sent to Wright-Patterson Air Force Base at Dayton for re-assignment.

Enlisting in the Air Force and sent to Sampson Air Force Base in Geneva, N. Y. were Lyster L. Berlin of near Marion, Paul H. Miller of near Upper Sandusky, and Jason E. McCullough of Kenton.

Sent to Ft. Knox, Ky., after enlisting in the Regular Army were Arlen H. Glenn of 627 Sugar St., and James C. Steffey of 538 Silver St.

TAVERN FIGHT FATAL

YOUNGSTOWN, Ohio (AP) — An argument at a Lake Milton tavern resulted in the death yesterday of Raymond C. Topp, 45, custodian of North High School. Topp was knocked down in the fight, and died later in a hospital. Sheriff Paul J. Langley said he was holding a 34-year-old man for investigation.

Child Has Eight Great-Grandparents

—Photo by Stewart

FOUR GRAND AND EIGHT great - grandparents — a complete set—make up the court of five-month-old Neil Steven Denman, son of Mr. and Mrs. Neil Denman of 751 Merkle Ave.

Making up the family welcoming committee when Baby Neil arrived May 9, 1953, at the Marion City Hospital were: his parents, Mr. and Mrs. Denman; his great-grandparents, Mr. and Mrs. C. E. Denman of Chesterville, and Mr. and Mrs. Lee Davis of Gambier, grandparents of Mr. Denman, and Mr. and Mrs. T. K. O'Brien of N. Prospect St. and Mr. and Mrs. Claude Burke of Avondale Ave., grandparents of Mrs. Denman; his paternal grandparents, Mrs. Walter Lemley of near Delaware and Clarence Denman of near Fredericktown, and his maternal grandparents, Mr. and Mrs. Henry Burke of E. George St.

A dinner at the Neil Denman home recently brought the family together for the day. In the family group are: seated, left to right: Clarence Denman, Mrs. Walter Lemley, Neil Denman, Mrs. Neil Denman holding Baby Neil, Mrs. Henry Burke and Mr. Burke; standing, left to right: Mr. and Mrs. C. E. Denman, Mr. and Mrs. Lee Davis, Mr. and Mrs. Claude Burke and Mr. and Mrs. T. K. O'Brien.

Farmer Slain Near Minerva

Body Found in Home In Isolated Section

CARROLLTON, Ohio (AP)—With six bullet holes in the head, the body of 73-year-old Orvie Haldeman was found in his isolated farm home near Minerva yesterday.

A revolver, which the former restaurant operator was known to have kept in his home, and a billfold were missing. A telephone wire had been cut.

A Minerva High School science teacher, C. J. Townsend, went to the Haldeman farm to buy eggs yesterday morning. There was no answer to his knock, but he noticed lights burning in the house. He returned later with a companion, Harry Franklin, and discovered the body.

Sheriff Harry Beamer said there were no signs of a struggle.

The farm is located a mile and a half west of Minerva on the Carroll County side of the road which separates Carroll and Stark counties. The nearest neighbor is three-fourths of a mile away.

Papers in 3 Southern States Join New Circuit

NEW YORK (AP)—Newspapers in three Southern states today joined the new 24-hour Teletypesetter trunk circuit provided by The Associated Press to speed news to readers.

They are the Montgomery (Ala.) Advertiser and Journal, Charleston (S.C.) News-Courier and Post and the Chattanooga (Tenn.) Times and News-Free Press.

The Teletypesetter circuit is received in member newspaper offices on Teletype machines using both capitals and small letters and in code on perforated tape. The tape, fed into a line-casting machine, steps up production of type with which the newspaper is printed.

Arkansas Girl, 3, Lost 10 Hours, Is Found Safe

HOT SPRINGS, Ark. (AP)—Three year-old Sandra Fendley is safe at home today after being lost for 10 hours in dense woods.

The blonde tot disappeared from her home on the fringe of Hot Springs National Park about 4:30 p.m. Saturday.

A neighbor found her fast asleep in a mountainous area bout a mile from home. Her tiny body was covered with scratches and she was shivering even in her sleep in the 40-degree weather.

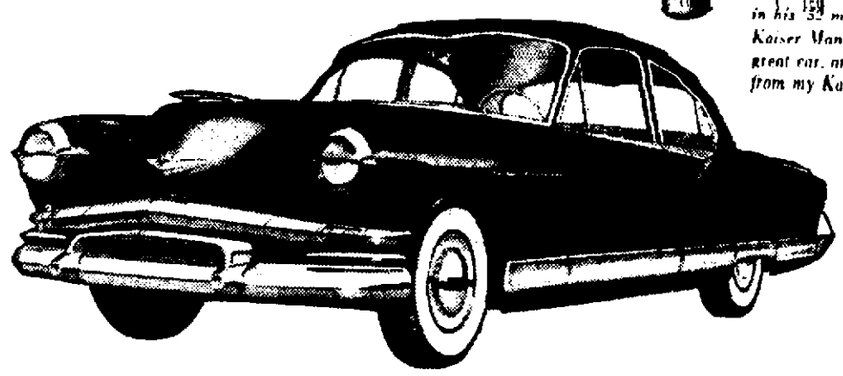
What's the actual cost of a new Kaiser?

Far less than you think!

"Cost me only $550"

says John E. Lillard, of Long Beach, Calif., who traded in his '52 model for a new Kaiser Manhattan. "I got a great car, and a great deal from my Kaiser dealer."

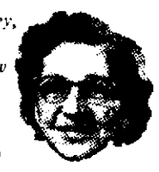


"Only $39.34 a month!"

reports Leo H. O'Neil, of Alexandria, Virginia. "That, plus my old car, got me a smart, new Kaiser Manhattan. My Kaiser dealer's trade-in was the best in town by $250.

"Terrific!"

That's how Helen Buff, of Sun Valley, Calif., describes it. "My 1950 car and $65 per month put me in a new Kaiser Manhattan," she writes.



"$30 a month!"

That's all it cost Richard Bozek, of Euclid, Ohio, thanks to the whopping allowance his Kaiser dealer gave him on his '52 car.

And you get a much better car in the bargain!

Despite its record growth in seven years, Kaiser is still a relative newcomer to the automotive field. So it's important to get more Kaisers on the road—acquaint more car owners with Kaiser's great value! That's why Kaiser dealers are reported to be not only meeting—but exceeding—top prices offered by other dealers!

Kaiser offers you more *room* and *luxury* than three of the most expensive cars—plus—the largest glass area of any standard sedan, as well.

More *economy* than many so-called "low-price" cars, too! Its 28.8 miles per gallon record reported by Motor Trend Magazine proves it!

What's more you can't match Kaiser's safety and *performance* at *any* price!

See the beautiful new Kaiser. Drive it and discover it's what you've been waiting for!

Costs you less... Kaiser... saves you more!

Phone Company's Consolidation Nearly Completed

Subscriber Billing Work Now Conducted Here; Was Done in Erie

The final phase of the consolidation in Marion of all general office operations of the General Telephone Co. of Ohio is now in progress, according to C. E. Williams, president of the company.

The recent establishment here of the subscriber biling department, employing 25 persons marked the beginning of the last stages of the consolidation. Formerly, all bills were prepared and sent from Erie, Pa. The billing department occupies the entire second floor of a building at 127 N. Prospect St.

BY DECEMBER, the company plans to have all of the 83,000 monthly bills sent from Marion. At present, a little over half the bills are sent from here, the rest from Erie.

Last year, the toll biling section was moved from Erie and 40 persons from Marion were hired J. R. Anderson of 513 Delaware Ave. is in charge both the toll and subscriber billing departments.

The installation of an IBM Tabulating Section has facilitated the handling of all accounting procedures This is also located at 127 N Prospect St., and is under the supervision of Frank Boyd of 191 Elmwood Dr.

THE IBM SECTION handles the punched card accounting system which reduces to a matter of minutes the time required to solve complex problems

Some 28 machines are in the tabulating section These can send out between 400 and 500 subscriber bills in one hour, as well as handle reports, analyses, and prepare payroll checks.

Head of all phases of the accounting department is R H. Henderson of 606 E Center St

Williams said growth of the company was the cause for the coordination of all departments here in Marion He said there has been an increase of 58 per cent in the number of telephone stations in the number of telephone stations in the company since 1946

In Ohio, the company serves 83,000 customers in 135 exchanges and 62 counties.

In 1946, the company employed 79 persons in Marion with an annual payroll of $120,000. Today there are 375 Marionites employed The annual payroll now is $1,100,000.

CONSOLIDATION OF ALL GENERAL OFFICES of the General Telephone Co of Ohio is now under way in Marion. With the completion of the move of the subscriber billing department from Erie, Pa., in December the company will be able to handle all phases of its operations here.

UPPER: Workers prepare bills in the toll and subscriber billing section of the company office located at 127 N Prospect St. The toll billing section was recently moved here.

LOWER: Modern IBM machines cut down on the work and time spent in preparing bills, reports and other phases of accounting operations These machines are also located at 127 N Prospect St

Wyandot County's CROP Drive Slated

Special to The Star

UPPER SANDUSKY—The 1953 Wyandot County CROP campaign will be held from Sunday to Saturday, Nov. 8 to 21, with a dedication service completing it on Sunday, the 22nd, at 8 p.m. in Upper Sandusky. The chairman is the Rev. Everett Ted Wonder, pastor of the Upper Sandusky E.U.B. Charge.

"During these two weeks," Mr. Wonder says, "we will conduct a farm-to-farm canvass in the country, and a house-to-house canvass in the villages where we are organized. The emphasis this year is on corn, which the canvassers will load on their trucks at the farms and take to the elevators."

Each township of Wyandot County is organized with two co-chairmen who are currently recruiting the teams of canvassers. They have accepted as the minimum goal $3.000 worth of corn, beans, oats, wheat, and cash.

The co-chairman of the townships are: Antrim—Ray Gongwer, Mrs. Ira Pool and Stanton Gongwer; Crane—Ernest Rothlisberger and Clyde Pool; Crawford—Wendell Wentling and Arden Coopler; Eden —Clara Case and George Eyestone; Jackson—Mr. and Mrs. J. Aged in County Will Receive Higher Awards

Increases in maximum awards to Ohio Aid for the Aged recipients will mean an average increase of $2.91 in payments to 749 Marion County residents in November. This was indicated in a report prepared by M. W. McIntyre, chief of the division of Aid for the Aged.

On a statewide basis, the increases range from one dollar to five dollars and average $3.08. All recipients who, according to Division regulations, had needs exceeding $60 per month were increased to the amount of their monthly needs or the maximum of $65 a month, whichever was the lesser amount.

In addition, the Division increased the standard allowance for personal and miscellaneous expenses by two dollars a month. This allowance is the amount allotted to a recipient to meet his needs for things other than food, shelter, clothing, and health care.

These new limits were authorized by the 100th General Assembly.

Aid payments for October for Marion County amounted to $45,551 among 871 recipients. Payments in surrounding counties were: Crawford, $26,326; Delaware, $31,052; Hardin, $38,122; Morrow, $19,166; and Union, $30,714.

Psychiatric Services Branded as Inadequate

CLEVELAND (AP)— Many states are trying to operate psychiatric services with "stone age tools," a report to the National Assn. for Mental Health said today.

It was presented by Raymond G. Fuller, who conducted a two year survey of how the states administer their programs for the mentally ill.

He declared the states' mental health services depend on an "organizational setup suited, like a tool, to the requirements of the job to be done," and that too often poor administrative systems have grown out of the old concept that care for the insane was a welfare function.

The solution, he said, is to provide better administration for care and treatment in mental hospitals.

TOLEDO, Ohio (AP)—The new 1½ million dollar receiving unit at Toledo State Hospital was dedicated yesterday.

Skillet Pie Makes Good Eating for the Family

Three plentiful nutritious foods —beef, potatoes and milk — are combined in a meal that will stick to the ribs.

Try using economical nonfat dry milk. It adds to the flavor and is rich in protein, calcium, riboflavin and lactose since only the fat and water are removed.

Here is a good one-dish meal, skillet pie.

Use 3 tablespoons butter, ½ cup chopped onion, ½ cup chopped green pepper, 1 pound lean beef cut in cubes, ¼ cup nonfat dry milk, 3 tablespoons flour, ½ teaspoon salt, ¼ teaspoon pepper, 1½ cups water, ½ cup sliced, cooked carrots.

Melt butter in large skillet over medium heat. Saute onion and green pepper until tender. Add beef. Cook until tender, about 10-15 minutes. Sprinkle nonfat dry milk powder, flour, salt and pepper over surface of water. Beat with Rotary beater until just blended. Pour gradually into meat mixture, stirring rapidly. Continue to cook until mixture thickens, stirring constantly. Stir in sliced cooked carrots.

Potato Garnish

Use ¼ cup nonfat dry milk, ½ teaspoon salt, 2 tablespoons water, 2 medium potatoes, cooked and mashed.

Add nonfat dry milk powder, salt and the water to mashed potatoes; beat well. Arrange in ring over rim of meat mixture, leaving center free. Broil about 3 inches from heat until potatoes are browned, about 3 minutes. Serve at once. Makes 6 servings.

Fraudulent Claims Hike Auto Insurance Rates

HARTFORD, Conn. (UP) — Persons who would no more think of outright stealing than they would of hitting Aunt Minnie on the head with a hammer give insurance men a bad time.

They're the folks who file fraudulent claims.

A dishonest driver whacked his windshield with a hammer, then filed a claim, saying it was damaged in some "unknown manner."

A woman thought the top on her convertible was too shabby looking. She slashed it with a knife and blamed vandals in her insurance claim.

Unwilling to pay to replace his worn-out tires, another driver cut them with a knife, then claimed it must have been the work of "pranksters."

These claims were granted. It's hard to prove fraud in such cases. The result is that such practices cause the cost of automobile insurance to skyrocket in many sections.

Oddly enough, some of the worst offenders are in Connecticut, which calls Hartford "the insurance capital of the world." New York motorists are just as bad when it comes to gyping the insurance man.

Perhaps one of the most common practices is ducking the $50 deductible clause in the automobile insurance policy.

This clause, which appears in most policies, provides that the car owner pay the first $50 of any damage done to his car. However, some garage owners and drivers team up and pad the repair bill, making the company pay the whole thing.

Chicago Robber Added To FBI 'Wanted' List

WASHINGTON (AP) — Franklin James Wilson, 52, who has a long record as a robber in the Chicago area, today was added to the FBI's list of "10 Most Wanted Fugitives."

Wilson was last in custody in August 1951. Police then caught him and three accomplices staging an armed holdup of a private home in Chicago. One of the bandits came out of a closet shooting and was himself killed in the exchange of fire.

Wilson was indicted but obtained liberty on a $30,000 bond, which he jumped. The FBI said it is believed that he afterward went to the west coast.

In Loving Memory

Of our wife and mother, Dora E Beckley, who passed away six years ago today, November 2, 1947.

Many a lovely heartache,
Often a silent tear.
But always a beautiful
Memory of the one we loved so dear.
Memories are treasures no one can steal,
Death is a heartache nothing can heal.

Sadly missed by

'Strong Selling' Reported Due In Steel Market

CLEVELAND (AP) Steel Magazine said today that despite some layoffs, price cuts and a production dip, "some strong selling" will overcome the steel situation to a considerable extent.

The metalworking weekly said demand has not dropped a lot, although producers are finding competition increasingly strong.

Steelmakers are continuing to reduce their inventories, but the magazine quoted one industry spokesman as saying, "We should not complain if the national production were 90 per cent of rated capacity. The rate last week dipped a point and a half to 94 per cent of capacity.

The magazine's arithmetical price composite on steel dropped 23 cents last week to $115.18 a net ton as the producers continued to use such practices as freight absorbtion to better their competitive positions.

The latest layoffs were reported from the Youngstown area, where producers blamed such factors as "liquidation of inventory," automobile retooling and a drop in defense requirements. Youngstown Sheet & Tube Co. is shutting down two more open hearths, keeping 16 of its 22 such furnaces in operation. At nearby Warren, Mullins Mfrg. Co. is laying off 600 and Copperweld Steel Co. has cut the work week of some employes and laid off others.

In the Canton—Massillon area, Timken Roller Bearing Co. has laid off 1,600 men and Republic Steel Corp. 2,900.

Marion Barons Beaten by Ft. Wayne and Cincinnati

Losses Send Local Hockey Club to 6th Place in League

By GARY SAMS

Marion's Barons dropped a close 5-4 game to the visiting Ft. Wayne club Sunday on the Coliseum ice to complete a winless International Hockey League weekend. It marked the first meeting of the year between the two clubs.

The night before, in Cincinnati, the local team dropped a 7-2 game to The Mohawks.

The defeats dropped Marion to sixth place with a 4-5 record.

Cincinnati, defending league champs, marked up three goals in less than a minute of the first period to win in a breeze. The victory, witnessed by 3,187 fans, was Cincinnati's second straight of the year over the Barons, and extended the locals' road record to 0-4.

Sunday's game was the Baron's fisrt loss at home since Cincinnati drubbed them in the IHL opener here several weeks ago 7-1.

Seek More Strength

Tony Hemmerling, general manager of the Barons, said today the Barons were "looking for additional strength." He said the Barons hoped to strengthen the club by next Sunday when the league leading Toledo Mercurys come here.

In Sunday's game here, Marion came from behind to tie the score in the fnial period, but Ft. Wayne scored what proved to be the winning goal at the 15 13 mark when Eddie Long tallied unassisted.

At 13:28, of the final period, Paul Emms of the Barons and Edgar Blondin of Ft. Wayne hooked up in a fight at center ice. Pulled apart by the referees, Emms was chased out of the game on a roughing penalty and misconduct penalty for pushing the referee. Blondin went to the penalty box on a roughing penalty. At the 15-24 mark, Monty Montiggy of Ft. Wayne was sent to the penalty box for holding and when the winning goal occurred, Marion had a one-man edge on the winners.

Schultz Scores

Trailing 3-1 going into the final 20-minute period, the locals surged to knot the score as the pace livened. Kenny Schultz of the Barons started it off when he went in all the way to shove the puck past Ft. Wayne goalie Ivan Walmsley after nine seconds had elapsed. Joe Ingoldsby got an assist on the play, which came with the winners a man short. Roman Besidowski was sitting out a Hooking penalty which came at 19.53 of the second period.

After Ft. Wayne made it 4-2 at the 2:57 mark on a goal by Willard Hass with assists from Joe Kastelic and George Drysdale, Marion scored twice quickly to tie the score. With Ott Heller and Orrin Gould sitting out roughing penalties, Jerry Prince scored at 4:53 on an assist from Allen Kellogg to cut the margin to a goal and then a goal by Kenny Schultz at 6:56 deadlocked the score at 4-4. The score came on a face-off at the Ft. Wayne goal. Ingoldsby got an assist on the play.

Marion took a 1-0 lead in the first period on Heller's first goal of the year. He scored from 10 feet out on assists from Ingoldsby and Schultz at the 7.49 mark. Ft. Wayne quickly tied it up at 1:46 of the second period on a goal by Frazell with an assist from Earl O'Brien.

Lebioda in Box

As tempo picked up and play became rougher, the winners took the lead at 16 45 when Joe Kastelic scored on an assist from Frazell. Marion was a man short after Ted Lebioda was sent to the penalty box for tripping two seconds earlier.

At the 19 32 mark, Ft. Wayne made it 3-1 as Blondin scored with an assist from Besidowski. Earlier in the period at 11 57, a fight developed at the Ft. Wayne net when Del St. John skated into the goal tender behind the nets. St. John was called for charging.

The Barons inserted another forward in place of their goalie in the final seconds of the game as they tried desperately to tie the score, but the Ft. Wayne goalie and his mates protected the nets.

Saves for the goalies were even at 25 apiece. A total of 15 penalties were called in the rough contest, with four called on Lebioda.

Cincinnati Game

In the game with Cincinnati there Saturday, Mohawk center Billy Goold was in on all three tallies scoring the second and assisting on the first and third. The first goal came at 9 53 on a pass from Goold to Bun Smith. Fourteen seconds later Goold scored his marker with assists from Art Rose and Sid White. Rose netted the third Cincinnati goal at 10.31 on a combination from Goold. All three goals were registered while Baron defenseman Allan Kellogg was sitting out an interference penalty.

At 13:08 of the first period Mohawk goalie Charlie Hodge received a skate wound in the mouth on a scramble in front of his nets and was replaced by ex-Chicago Blackhawk goalie Paul Bibeault.

Paddy Young Meets Giuliani In Friday Bout

NEW YORK (AP)—Everybody is getting into the Bobo Olson act. Now Paddy Young, the last Bobo eliminated before Randy Turpin, is back on the scene.

Paddy, making his first start since he lost to Olson June 19 for the American middleweight title, boxes Sammy Giuliani of Stamford, Conn., Friday at St. Nicholas Arena. The bout will be telecast by NBC.

If Paddy wins this one he'll be yelling "I want Bobo" along with Kid Gavilan, Joey Giardello, Rocky Castellani and Ernie Durando.

The Eastern Parkway show, carried by Du Mont TV to some sections of the country will be blacked out in New York tonight because of pre-election commitments. Other cities, however, will see Danny Giovanelli of Brooklyn and Rocky Casillo of Chicago in a welter ten.

Chuck Davey bumps up against a "must" fight Wednesday at the Detroit Olympia (CBS-TV). It's a rematch with Al Andrews of Superior, Wis., who knocked him down and beat him at Saginaw, Mich., in September. Davey, the ex-collegian from Lansing, Mich., needs a victory badly to re-establish himself in the welter class.

The winner gets Billy Graham, veteran New Yorker, at Detroit Dec. 2.

Harold Johnson, leading light heavy challenger to champion Archie Moore, meets Henry Hall of New Orleans for the third time at Milwaukee on the Saturday night series (ABC-TV). Hall subs for Larry Watson of Omaha, Neb. who pulled out because of a back injury.

Xavier Coach Has Hard Time Getting in Stadium

PHILADELPHIA (AP)—A gate attendant sized up Xavier Coach Ed Kluska at Connie Mack Stadium Saturday and almost didn't allow him in to see the Villanova game.

"Where ya goin,' Bud?" Kluska was challenged.

"Inside," he replied. "I'm the coach of the Xavier team."

"You ain't no football coach," the gatekeeper retorted. "You ain't because you don't look like a coach and besides you got one of them college-boy crew haircuts."

Kluska used his football diagrams and scouting reports to talk his way in.

Once in the reports didn't help Kluska too much. Xavier lost 21-14.

Harding High Reserves Lose To Lima South

The defensive unit made the only score for the Harding Reserves Saturday morning when the future Prexies lost out to the Lima South Jayvees 12-2 at the stadium.

The locals' sole tally came in the first period when practically the whole Harding defense crashed through the Lima line to trap Carpenter who had faded into his own end zone to pass.

Carpenter got retaliation by tossing South's two touchdown passes. The first was a 15-yard pass play to Spencer in the second period. The second was a third-quarter 30-yard aerial to Courtney in the end zone.

LIMA SOUTH

Ends, Spencer, Courtney; tackles, Cotton, Meyers; guards, Fridley, Osborn; center, Sleiger; backs, Cunningham, Weaver, Wright, Howder.

HARDING

Ends, Bibler, Townsend, Firstenberger; tackles, Peacock, Nolfi, Caprino, Matteson; guards, Coy, Scott, Thackery; center, Huber; backs, Jones, Burns, Hazen, Arthur, Schaufer, Carroll, Robinson.

Harding	2	0	0	0 — 2

Scoring: Lima South — TD, Spencer, Courtney.

Caledonia Wins 21-12

Gene Rice tallied two touchdowns and two extra points to lead Caledonia to a 21-12 victory over Marengo Thursday night. A 14-yard Layman to Green pass play accounted for the other Caledonia score.

The game was played at Claridon.

Eliot Freezes Up Over Talk Of Rose Bowl

But His U. of Illinois Football Powerhouse Has the Inside Track

CHICAGO (AP)—It isn't the Pasadena weather that makes Coach Ray Eliot of Illinois freeze the minute the words, "Rose Bowl," are mentioned to him.

He's been hearing the phrase a lot now that his Illini have established themselves as the prime Big Ten championship and Rose Bowl candidates.

But Eliot turns a chilly shoulder on anyone who dares suggest he and his boys have a good chance to wind up in California for the Jan. 1 game with the Pacific Coast Conference representative. He simply refuses to discuss it.

The Illini ran their 1953 undefeated string through five games Saturday by humbling hopeful Purdue 21-0 as the sophomore running team of Mickey Bates and J. C. Caroline shredded the Boilermaker line.

Michigan and Wisconsin still have a chance for at least a share of the title. The Wolverines, who beat Penn 24-24 in an intersectional game Saturday, have won two of three Big Ten games and so has Wisconsin.

The Badgers beat Iowa 10-6 Saturday.

It seems certain that one of the other two crown contenders, Michigan State and Ohio State, would have to bow out after their game at Columbus Saturday. Each has won three and lost one in conference play. Or—possibly—both could be virtually eliminated in case of a tie. One loss appears to be the most any team can afford in the current championship race.

Bob Watkins of Ohio State and Bates of Illinois continued one-two in Big Ten individual scoring with a touchdown apiece Saturday.

Baylor Has Tough Ones Left

Notre Dame, Maryland Cinch To Go Undefeated

NEW YORK (AP)—Only four major college football teams remained undefeated and untied today as the campaign headed into the home stretch and the crucial games that could make or break many a coach.

Notre Dame, Maryland, Baylor and West Virginia are the only members of the select circle—and at least two of them would be just as happy if the season were over. Baylor still has three rugged Southwest Conference foes to play and West Virginia has a date with a better-than-average South Carolina outfit.

As for Notre Dame and Maryland, there isn't much to say about them except that there doesn't seem to be anyone on this continent to challenge them. Both seem to get stronger as the season progresses.

Joe McArdle, who substituted for Frank Leahy, the ailing master, Saturday emptied the Irish bench in an effort to hold down the score against Navy—the same Tars who were being touted only two weeks ago as the class of the East. The final count was 38-7.

Leahy, who collapsed at halftime of the Georgia Tech game nine days ago, had his doctor's permission to rejoin the team today if he didn't exert himself.

South Bend was swarming with scouts Saturday and they came away breathless. One, shaking his head, said he refused to believe Notre Dame could be as good as the team was advertised.

"Now I know," he said sadly.

Maryland, too, used its regulars for only about half the game with South Carolina but still won 24-6. Jim Tatum's Terps certainly should win the Atlantic Coast Conference title and go on to the Orange Bowl against Oklahoma, which seems certain of taking the Big Seven title again, especially after its convincing 34-0 triumph over Kansas State, the chief pretender to the throne.

The chances of Notre Dame being beaten, of course, are practically nil no matter what teams the Irish still had on their schedule. But for the record they still meet Penn, North Carolina, Iowa, Southern California and Southern Methodist.

Maryland still as George Washington, Mississippi and Alabama on its schedule. Ol' Miss, which has been beaten only once—by Auburn — stands the best chance against the Terps.

Illinois has one foot in the door to high society. The Illini have been tied but not beaten. If they can get past Michigan Saturday, they should have clear sailing to the Big Ten title and a bid to the Rose Bowl. After Michigan, they have only Wisconsin and Northwestern to dispose of.

There was some worry in the Illini camp that Purdue might present a problem, especially after licking Michigan State the previous week. But the Boilermakers couldn't stop J. C. Caroline and Mickey Bates, the Illini's talented sophomores and unless one of them suddenly develops a case of the goat, it looks like no one else will.

The other Rose Bowl nominee still is up in the air because the Pacific Coast Conference race is far from settled. At the moment Stanford, winner of all five of its league games, rules the favorite. But it still must dispose of Southern California and California. UCLA has lost only one conference game, that to Stanford, and still has a chance if the Trojans and Bears cooperate. UCLA also plays Southern Cal Nov. 21.

Southern Cal, Yale, Louisiana State and Utah are the latest to fall by the wayside although they all have been tied. Oregon surprised one and all by polishing off Southern Cal 13-7, while Dartmouth provided the form reversal of the Ivy League season by crushing Yale, which had hopes to walk off with the title. Now the standings are in a state of complete confusion.

Announce New Way To Shrink Painful Piles

Find Healing Substance That Does Both—Relieves Pain—Shrinks Hemorrhoids

New York, N. Y. (Special)—For the first time science has found a new healing substance with the astonishing ability to shrink hemorrhoids and to stop bleeding—without surgery.

In one hemorrhoid case after another, "very striking improvement" was reported and verified by doctors' observations.

Pain was relieved promptly. And, while gently relieving pain, actual reduction or retraction (shrinking) took place.

And most amazing of all—this improvement was maintained in cases where doctors' observations were continued over a period of many months!

In fact, results were so thorough that sufferers were able to make such astonishing statements as "Piles have ceased to be a problem!" And among these sufferers were a very wide variety of hemorrhoid conditions, some of 10 to 20 years' standing.

All this, without the use of narcotics, anesthetics or astringents of any kind. The secret is a new healing substance (Bio-Dyne®)—the discovery of a world-famous research institution. Already, Bio-Dyne is in wide use for healing injured tissue on all parts of the body.

Now this new healing substance is offered in ointment form for hemorrhoids under the name *Preparation H.*® The price is only 98¢ a tube including an applicator. The name to ask for is Preparation H—at all drug stores. And remember—if not entirely satisfied—your money will be refunded promptly. ®Trade Mark

Browns Crush Redskins for Sixth Straight Victory

Cleveland Only Undefeated Club in Professional League

NEW YORK (AP) — The National Football League season has reached the halfway mark with the Cleveland Browns safely entrenched as leader of the Eastern Conference and the Los Angeles Rams holding down the top spot in the Western Division but by no great margin.

The Browns only undefeated club in the 12-team circuit, chalked up win No 6 yesterday by drubbing the Washington Redskins 27 3 with a three-touchdown parade in the last half

The Rams took undisputed command of the Western Conference with a 37-24 triumph over Detroit's Lions 1952 champions The defeat dropped the Lions into a tie for second place with the San Francisco 49ers who downed the Chicago Bears 24-14 as their injured quarterback, Y A Tittle, returned to action after an absence of three weeks

The stands show the Rams with a 5-1 record compared to the 4-2 mark of the 49ers and the Lions

Philadelphia's high scoring Eagles moved into the runner up spot in the Eastern Conference with a 35-7 triumph over the Pittsburgh Steelers The New York Giants won their second game of the season at the expense of the Chicago Cardinals 23-20 on a 75-yard pass play in the last seven seconds Saturday night the Green Bay Packers whipped the Baltimore Colts 35-24

The unenviable task of trying to stop the Browns falls to the Steelers this week at Cleveland But a Pittsburgh victory wouldn t have any serious effect on the standings for the Eagles, who meet the Giants trail by 2½ games'

Coach Paul Brown summed it up this way after his Cleveland Browns beat Washington yesterday

"They (his Browns) got a lot of breaks, and they helped make a lot of breaks by hitting 'em hard And they capitalized on nearly every break they got "

Three times in the last 25 minutes the Browns defensive team thrilled the crowd of 47 845 by getting possession of the ball on breaks in Washington territory to pull the trigger on touchdown drives

Until the Browns' trio of second-half touchdowns, Cleveland led 6 3 because Lou Groza raised his 1953 field goal production to 10 with boots of 42 and 15 yards, while the Redskins Bill Dudley kicked a 17-yarder but was blocked by Warren Lahr on a try from the Browns' 43 End Lenny Ford recovered to start the Browns to the game s first points—Groza s long goal in just under six minutes of play

Cleveland s Otto Graham hit on 13 of 19 throws for 194 yards and thrust over for the first two touchdowns—from the one early in the third quarter and from the two early in the fourth But even Graham admitted "things just didn t seem to jell today on our offense "

The Redskins lost a first-quarter chance when fullback Leon Heath fumbled and Cleveland's John Sandusky recovered after Washington had moved to a first down on the Browns four For Dudley s field goal the Redskins moved 60 yards to Cleveland s 11—covering 45 on a LeBaron pass to Charlie Justice The rest of the way Washington never got inside Cleveland s 25.

Rookie linebacker Tom Catlin figured in two Brown touchdown breaks. When Justice, hard hit dropped a punt Catlin recovered on Washington s 44 Graham hit Dante Lavelli for 25 and Dub Jones for 15 as Cleveland moved to its first touchdown

And Catlin set up the final TD by intercepting a LeBaron pass and running it 18 yards to the Redskins' nine Billy Reynolds scored that one by improvising a reverse when he was pocketed and dashing 14 yards through most of the Washington team

Out on the West Coast the Rams and 49ers renew their feud at Los Angeles where a record crowd of 93 751 sat in on yesterday s contest

Yesterday the Rams found themselves on the short end of a 10-0 score at the end of the first period as the result of an intercepted pass by Jack Christiansen and Doak Walker s field goal

The Rams got back into the ball game on a 5-yard buck over the goal line by Skeet Quinlan and a field goal by Ben Agajanian But the Lions Jug Girard sprinted 85 yards to set up a 15 yard touchdown pass from Bobby Layne to Leon Hart That was all of Detroit s scoring until the final minute when Hunch Hoernschemeyer went over from the 1

Meantime the Rams scored three times in the third period and once in the final quarter

Tittle his broken cheekbone protected by a mask sparked the 49ers by setting up the first score made by Joe Arenas, with a 47 yard pass and tossing to Bill Wilson for another touchdown George Blanda tossed two touchdown passes, one to Bill McColl and the other to Billy Stone, to keep the Bears in the ball game

Bobby Thomason s passing wizardry was the Eagles chief offensive weapon He completed of 33 passes three for touchdowns Jerry Williams and Harold Giancanelli went overland for the other two Philadelphia tallies

The winless Cardinals apparently had the Giants whipped with a 20 17 lead and only 30 seconds remaining Then Arnold Galiffa ex Army star, fired a 25 yard pass to Kyle Rote who raced down the sidelines for the touchdown

GRABS PAYOFF PASS Tom Hague Ohio State end makes a sensational catch in the end zone of a 26 yard pass from Back Howard Cassady to score the second of two touchdowns for Ohio State against Northwestern in third period Columbus O Watching are Northwestern Back Don Roudou (24) and an unidentified Northwestern player Ohio State won 27 to 13

Football Players Survive Air Crash

ASTORIA Ore (AP)—The University of Oregon evidently has some tough football players

A plane carrying two of them—Dean Van Leuven 20 and Jerry Nelson 22, crashed into a hillside Saturday night

They were thrown through the windshield Van Leuven the pilot estimated they were tossed forward 150 feet

Van Leuven suffered a deep scalp cut and Nelson a severe cut on the knee They spent most of the night huddled in an abandoned cabin Both men were lightly clad

Yesterday morning they made their way to the Columbia River, where they were rescued by the Coast Guard.

BEATEN 53-0 COACH QUITS

CINCINNATI (AP)—Cincinnati Purcell whipped their city foe Roger Bacon 53-0 yesterday After the game Roger Bacon Coach Walter Ornella said he had enough coaching and quit This was his second season as head coach of the school

Barons

(Continued from Page 18)

Hodge lost a tooth and took twelve stitches in the cut

It wasn t until 8 05 of the second period that Marion scored to make it 4-1 after Gould had scored his period Baron Joe Ingoldsby on a pass from Steve Bradacich combined for the tally.

Score Unassisted

Mohawks Duke Edmundson and Bill Pawchuk scored unassisted goals in the second period to end that stanza 6 to 1 in favor of the Hawks

Kenny Schultz on a pass from Wimpy Jones registered the second Marion goal at 11 24 of the third period to complete the scoring after tender Kenny Biggs scored the seventh Cincinnati goal at 1 58 of the final period.

It was an exceptionally rough game with twenty penalties called and that many more which could have been called In addition to Hodge s injury star center Gordon Vejprava was out on the ice for a minute after being charged into the boards by Duke Edmundson after a whistle A near riot followed with coach Ott Heller going for Edmundson and goalie Jean Crowdis receiving a misconduct penalty for voicing his opinion of the referee Four minutes later in the second period Baron Ted Lebioda and Edmundson were sticking and kicking each other against the boards

'Galion Day' Observed

A crowd estimated at 2 200 watched the game with Ft Wayne A large part of the crowd were from Crawford County as 'Galion Day" was observed there Galion Mayor Dave Nichols faced the puck and the Galion American Legion Post band and Morral High School band were here to provide entertainment

The Barons travel to Toledo Wednesday and to Ft Wayne Saturday before coming back here Sunday for its tilt with Toledo.

Harding High Team Qualifies For State Meet

Marion Cross Country Runners Finish Third In Races at Toledo

Harding s cross country runners earned the right to defend their state title when they finished third in the northwest district meet at Toledo Saturday

In qualifying for the state meet the local runners had 85 points to finish behind second-place Toledo Waite 63, and first-place comeback kids Mansfield 56

Sophomore Ben Dozier and Gene Monroe led the Harding team placing sixth and eighth respectively in a field of 70 runners and nine teams Both received gold medals

Other local runners who figured in the scoring were Dick Bolinger, 14th Dallas Foos 15th and Allen Green 22nd Dependable Hugh Kinnamon suffered cramps in the second mile and finally wound up 33rd

Toledo Whittmer s Don Chippinger was the meet s individual winner in 10 08 Chippinger, incidentally is Whittmer s first string offensive center when not running He is rated as one of Toledo s top football players

According to Coach Kenny Somerlot Harding might have won the district championship if injuries and illness hadn t dogged the squad

Saturday s meet was run in Toledo s Ottawa Park course which crossed several roads, making it tough on runners who used spikes.

Tomorrow the local harriers entertain the district champs, Mansfield in a return dual meet It will be Harding s last regularly scheduled meet of the year and the Prexies will be out to undo a 25-30 loss to Mansfield earlier in the season

23 Games on Tap

Michigan State-Buckeye Contest Tops Ohio Card

By FRITZ HOWELL

COLUMBUS Ohio (AP)—Ohio colleges have 23 football games on tap this week but fans will be paying closest attention to the one in Ohio State s huge stadium Saturday.

Michigan State s fabulous Spartans, winners of 29 of their last 30 contests and 24-20 victors over the Bucks in their lone previous encounter in 1951 will face Woody Hayes' comeback kids

Should Michigan turn back Illinois Saturday, the winner of the Buck Spartan fray would move out front all alone in the Big 10 race while the Buck Spartan winners record would be 4 1 Last Saturday the Spartans won an easy 34-6 victory over Oregon State while Ohio was coming from behind for the fourth time this year to defeat Northwestern 27-13

The two teams are practically even in offense Ohio having scored 148 points to Michigan State s 149 is each has won five of six The Spartans have a definite defensive edge however having allowed only 36 points while the foe has filtered through Ohio for 110

All three of the state s unbeaten untied teams—Akron Ohio Wesleyan and Defiance—see action Saturday Akron goes against Kent State Wesleyan plays Wabash and Defiance should wrap up the Mid Ohio loop title as it plays Bluffton The three leaders have won six straight

A dozen of the weekend games pit against out of state foes The Buckeye clubs have won 41, lost 32 and tied 2 with out of state opponents this season, and hold a 1 472 to 1 398 scoring edge after taking 7 of 11 interstate games last week

Miami holding the state offensive record with 263 and the defensive mark with 25—but almost certain to lose the Mid American crown because of a 7 7 tie with Ohio U—meets Tennessee Tech this week

Other interstate games are Gustavus Adolpus at Youngstown Friday night, and Saturday s Western Michigan at Western Reserve Cincinnati at Louisville Earlham at Wilmington, Morris Harvey at Ohio U, Toledo at Bradley Tech, Bethany at Marietta, Central State at Kentucky State, and Dayton at Marshall.

The Ohio Conference offers Oberlin at Wittenberg, Hiram at Kenyon and Otterbein at Muskingum

Other games are Baldwin Wallace at Mount Union Thursday, and Saturday events which send Ohio Northern to Findlay, John Carroll to Xavier Heidelberg to Bowling Green Wooster to Ashland, and Case Tech to Denison

Although Ohio teams missed conversions after 31 of 105 touchdowns made last weekend not a game was decided by the missed kicks for the first time this year The winners all triumphed by a touchdown or more

Only 353 of 586 conversions have been made this season by the Buckeye squads as the specialists are hampered by elimination of the two-platoon system

Scottie Williams And Dick Torie To Wrestle Thursday

Scottie Williams and Dick Torie wrestle in the Tri-State Championship match in one of the matches on the card at the Armory here Thursday night

Williams took the belt from Billy Fox last Thursday Torie is the former Toledo U and AAU champ and member of the U S Olympic wrestling team The match is for 60 minutes, best two out of three falls

The opening match at 8 30 pits Mr Satan against Cowboy Curry in a one fall match In the second match scheduled for 60 minutes and best two out of three falls the Black Panther and Ricky Waldo will take on Irish Mike McGee and Joe Cassius in a tag team match

McGee and Cassius were the winning team last Thursday It will mark the Black Panther s first appearance in Marion in some time He has been wrestling in the East and West Coast and recently returned from a tour of Australia and the Hawaiian Islands Waldo s the Ohio State University star who recently turned pro

Political Eyes To Be on Three States Tuesday

New York, Virginia, New Jersey Elections May Indicate Trends

Observers anxious about which way the political winds are blowing will be holdong up fingers tomorrow in the directions of New Jersey, Virginia and New York City.

New Jersey and Virginia elect governors. There is also a special House election in New Jersey's 6th District. New York picks a new mayor, as do a number of other cities, including Pittsburgh, Cleveland and Little Rock.

Results Will Be Watched

In no case, perhaps, is there a clear-cut test of the popularity of the Eisenhower administration because of the many state and local issues involved. But the results will be closely watched, particularly in the wake of the upset Democratic victory in a Wisconsin special House election three weeks ago.

President Eisenhower is on record in support of all the Republican candidates. His press secretary, James C. Hagerty, said so last week after some confusion had developed in the wake of the President's statement at a news conference that he was interested in seeing the GOP retain control of Congress next year.

The President some weeks ago posed for pictures with Paul L. Troast, Republican candidate for governor of New Jersey. He and Theodore R. Dalton, GOP candidate in Virginia, had a chat at the White House but not, the President has said, about politics. Another recent White House caller has been Harold Riegelman, GOP candidate for mayor of New York.

In brief, this is the picture:

New Jersey Picture

New Jersey — Troast opposes Robert B. Meyner for governor. Both are relatively unknown politically. Troast is chairman of the authority which built the New Jersey Turnpike; he has never held office before. Meyner made an unsuccessful bid for the State Senate in 1951. Democrats are not counting too heavily on wresting the State House from the GOP, but in winning the 6th District House seat, Democrat Harrison A. Williams Jr. is running there against Republican George F. Hetfield. Rep. Clifford Case, a Republican, resigned to create the vacancy.

Virginia—Democrats voice confidence they will hold the governorship in the face of the first determined GOP campaign in a quarter of a century. Dalton's Democratic opponent, backed by the regular state organization headed by Sen. Harry F. Byrd, is former Rep. Thomas B. Stanley.

New York City Contest

New York City—There are three major candidates: Riegelman, Republican, former acting postmaster of the city; Robert F. Wagner Jr., Democrat, Manhattan borough president; Rudolph Halley, Liberal, City Council president. Wagner is generally conceded to have the edge. Mayor Vincent R. Impellitteri, who lost the Democratic nomination to Wagner, sought to run as an independent but his name was ruled off the ballot on grounds his nominating petition had insufficient valid signatures.

Sense and Ridicule

When we awarded Eric Sevareid the Peabody award in 1950, it was — said the citation — for "depth and clarity, perspicacity and lucidity." One word should have been added—humor. Sevareid is one of the radio newsmen who has a sense of humor or who is permitted to exercise it.

J. CROSBY

Sevareid's nightly show (CBS radio 11 p.m. EST Mon. through Fri.) is not, in the ordinary sense, a news show. He does not make any attempt to review the day's news; he takes some aspect of it—sometimes the most important aspect, sometimes the least — and discusses it for 15 minutes. His clarity and common sense, in an era when the mealy-mouthed commentators are again on the rise, is formidable.

-:-

ON THE SUBJECT, for example, of those wildly conflicting statements from Washington on Russia's hydrogen bomb progress: "We are warned and we are confronted; we are frightened out of our wits and we are told everything is going to be all right.

"The net effect can only be the more rapid spreading of the blind ignorant fear which is already corralling our free institutions; the freest, strongest people in the world, still capable of clear thinking if only they know the truth, still capable of any sacrifice if only they are told what they must do, are given another blind push, to go stumbling on in the darkness toward the abyss that has no bottom."

From so weighty a matter Sevareid can and frequently will pass in his next broadcast to advocate, say, the starting of "The American Institute of Unqualified Reaction." This institute, he declared, would have as its motto: "I refuse to be improved" and would go to work first on the McCormick newspapers which insist on spelling "night" as "nite" and "thorough" as "thoro."

-:-

"WE WILL ABSOLUTELY refuse to buy, use or even mention any product that contains lanolin, chlorophyll, viratel, irridium, protopectins, or solinate, or any product that has been vitemized, pressurized, homogenized or hammerized. We buy up all existing surpluses of cereals that pop, tingle, crackle, or that jump, twitch or quiver—and we dump the whole load in the Atlantic Ocean, whatever the risk of underwater explosion and tidal wave.

"We will start a reverse-digest called 'Expand.' It will lengthen short articles and put meat on their bones. The cover will show an old lady with her clothes on. Any hero in any detective story who gets himself seduced will be shot dead in the next paragraph. As Herblock puts it 'Ankle to ankle, men, and backward into the fray.'"

This sense of ridicule is a wonderful weapon of social commentary and he uses it frequently. When the other commentators were expressing stuffy disapproval of the $150-a-day expense account of Senator McCarthy's two investigators, Cohn and Schine, Sevareid lauded them for their "planning, energy and stamina" in managing to get through that much of the taxpayer's money every day and passed along a few words of advice on how to pad an expense account, culled from his years as a CBS foreign correspondent.

-:-

A POLITICAL THINKER of a high order, Sevareid once remarked that the fact that Americans discard "any political figure who was once a Communist" would be considered in Europe "a wicked waste of talent." He pointed out that the late Ernst Reuter, the doughty, Communist-fighting mayor of Berlin, was once secretary - general of the German Communist party.

"When the great test of Berlin's endurance came, five years ago, it was his sure knowledge of the Russian mentality, as much as anything, that forced the Russians to their most dramatic post-war defeat and set in motion the train of events leading to the powerful Germany we see today."

-:-

I ESPECIALLY LIKE Sevareid's accolade to Sir Winston Churchill when he won the Nobel Prize. "If Churchill is not the greatest writer of our time, as writer, certainly no writer has so made his words come alive in the hearts of human creatures in our time. No words have produced such action as Churchill's words.

"I will always believe that it was the words of this one man, alone, which like a shower of invisible arrows, caught Hitler at the final barricade; his words which sparked the ignition in the vast, cold, broken machinery of European hope and courage."

N.Y. Stock Quotations

NEW YORK (AP) — The stock market was a shade higher today, with a few soft spots appearing in the list.

Gains went to around a point at the best and losses were held to fractions.

Steels were a little lower, but they were the only major group showing a sagging tendency.

Among the better acting divisions were motors, railroads, oils, rubbers, and chemicals.

Higher stocks included Southern Railway, American Telephone, General Motors, Chrysler, Standard Oil (NJ), Allied Chemical, and Goodrich.

Lower were U.S. Steel, Bethlehem Steel, Santa Fe, and American Airlines.

New York Milk Price Hiked Following Strike

NEW YORK (AP) — The price of milk is going up a cent a quart in New York and some suburban areas following the weekend settlement of a six-day milk strike.

A number of companies announced the one-cent increase last night. Some firms are making the boost effective today, others tomorrow.

Before the strike home-delivered milk was priced at about 27 cents a quart. Stores sold it for about 23½ cents.

The new contract signed by 200 firms with the AFL International Brotherhood of Teamsters gives 13,000 plant workers and drivers a package boost of $8.50 a week in wages and other benefits. Previous pay scales ranged from $82 to $125 a week.
